this my readers will remember, there occurred an incident very similar in nature, while I was in Alipore jail, with regard to the appearance of Sj. Sarat Chandra Sen and my uncle Dr. M. C Nundy, But there the time interval between the apparitional and real visits having been more than a day at least, I could quite easily have been deluded to believe, that the same persons came to visit me twice, on matters of business; so that I had little or no reason to suspect anything out of the ordinary there. But here in the present case the question seemed very different, inasmuch as the interval between the two visits, was so short, that there could be no room for any the smallest doubts as to the super natural character of one of the visits. Moreover, it will be remembered that the first pair of visitors came from one direction and left by the other; so that when the second pair arrived from the very same direction from which the first pair had come and within such a short interval of time, how could one have believed both pairs to have been the
